## Island Project – 5 Themes of Geography Application Organizer

### **LOCATION:** Where is your island?

|                                  |  |
|----------------------------------|--|
| Absolute (latitude & longitude): |  |
| Relative location (nearby):      |  |

### **PLACE:** What type of place is it?/What makes your island special?

|   |
|---|
| <i>Major physical features:</i>                                   |
| <i>Culture (history, beliefs, language, food, traditions...):</i> |
| Type of <b>political system</b> your island has:                  |
| <i>Tell me why this system works best for your island:</i>        |
| Type of <b>economic system</b> your island has:                   |
| <i>Tell me why this system works best for your island:</i>        |

**HUMAN-ENVIRONMENT INTERACTION:**

|   |  |
|---|--|
| How did people <u>adapt to the environment</u> so they can live here? |  |
| <i>Tell me why they did this:</i>                                     |  |

|  |  |
|--|--|
| How have people <u>changed the island</u> to meet their needs? |  |
| <i>Tell me why they did this:</i>                              |  |

**MOVEMENT:** How do people, goods (imports/exports), and ideas get to and from your island?

|                     |  |
|---------------------|--|
| How & What:         |  |
| <i>Tell me why:</i> |  |

**REGIONS:** Name your island's vegetation and/or climate regions AND tell me what they mean.
